CIVIL TIMES

From the Desk of the Principal

ABDUL NASAR KAIPPANCHERY

Dear All,

As we navigate through these challenging times, it is more important than ever to extend a helping hand to those in need. The global COVID-19 pandemic has brought unprecedented disruptions to our lives, affecting individuals, families, and communities around the world. In the face of adversity, it is heartening to witness the resilience, compassion, and solidarity displayed by people from all walks of life.

As an institution committed to service and excellence, let us seize this opportunity to make a positive impact on the world around us. Whether through volunteering, donating resources, or simply offering words of encouragement, each of us has the power to make a difference in the lives of others.

Let us come together as a community to support and uplift one another during these trying times, and emerge stronger and more united than ever before.

Warm regards...

From HOD's Cabin

NIASI K A

Head of Department
Department of Civil Engineering
Seethi Sahib Memorial Polytechnic College

Dear All,

The COVID-19 pandemic has not only presented unprecedented challenges but has also accelerated the pace of digital transformation across various sectors. As we adapt to the new normal, it is essential to recognize the role of civil engineering in this spontaneous shift towards a digital revolution. From remote collaboration and virtual project management to the utilization of Building Information Modeling (BIM) and Geographic Information Systems (GIS), our profession has embraced technology to overcome the constraints posed by the pandemic.

This edition of our newsletter provides an excellent opportunity to explore the innovative ways in which civil engineers are harnessing digital tools and technologies to address the evolving needs of society.

Let us seize this moment to celebrate our resilience, adaptability, and commitment to excellence as we continue to pave the way towards a more digitally-driven future.

Warm regards...

Vision of Institution

To be an institution of excellence in developing technically competent and socially committed engineers.

Mission of Institution

- To impart quality education by fostering technology innovations for sustainable development.
- To develop professional as well as entrepreneurial culture by adopting technological changes.
- To inculcate team spirit and ethical values by engaging in social endeavours.

Vision of Department

To be a premier hub for moulding quality conscious and socially responsible Civil Engineers with diverse skills.

Mission of Institution

- To create an ambience for academic excellence to enrich the competency, credibility and integrity of the students.
- To encourage the students towards higher education and effective career so as to take up challenges in the field of civil engineering.
- To transform students into responsible professionals for betterment of society and sustainable development of nation.
